

WHITETAIL RIDGE MOUNTAIN BIKE TRAILS

ST. CROIX VALLEY SKILLS PARK

This inset map provides a closer look at the Skills Park area. It shows sub-trails such as Easy Street, Camel's Back, and Hooked, along with technical features like Drips, Trials, Rollers, Table Tops, Luge, and BS Downhill. A Return Trip route is also indicated. The map includes a legend for the Skills Park area and a logo for the St. Croix Valley Mountain Bike Team.

TRAIL RULES:

- Bicycle helmet is required.
- Do not use trails when wet.
- Ride within skill and equipment limitations.
- Leave no trace.
- Be attentive – respect all users and creatures.
- Proceed at your own risk.

These trails are designed and maintained by Kinnickinnic Off-Road Cyclists and volunteers. Singletrack trails are designed for one direction of travel, allowing water to run across rather than down the trail, thereby reducing erosion. Riding on wet trails creates ruts causing water to run down and collect on the trail, hindering the sustainability of the trail. Trails will be posted CLOSED during extended wet periods. At other times, please allow trails to dry before use. Thank you KORC Staff.
